TESTIMONIALS

“Kent is hands down the best insurance agent in the business. He is genuinely concerned with the success of our business and is consistently proactive in advising us with the best products for our specific needs. You won't find a better agent. Period.”

JOSH MERCER
CFO, SilencerCo

“Before working with Kent, securing coverage for our company had always been a challenge. Kent, with his knowledge of guns and the gun industry, combined with his insurance expertise, has made the process much less challenging. He is able to talk to the insurance companies so they understand what we do, and in turn they are willing to write our coverage. In fact, Kent was able to get a carrier that had previously turned us down to reconsider, and eventually write our policy. We value our relationship with Kent.”

DAVE VOGEL
Owner, Impact Guns

“Kent has done an excellent job providing insurance coverage for several of the companies I am involved with. His knowledge and service are right up there with the best. I have worked with several agents over the years and I would rank Kent at the top of my list. I would be very confident in recommending his services to anyone needing insurance coverage.”
